THE ANATOMY OF A CRÈME CLOUD:

First-of-its-kind crème

Filling (THAT IS NOT ICE CREAM) that finally makes mochi grab-and-go!

Creamy Goodness

The light crème filling is whipped together in Brittany, France using local milks and sugar.

The Perfect Ratio

Each dumpling has the perfect ratio of sticky mochi dough and airy crème filling to maintain structure in the hand, but melt in the mouth

High Quality Ingredients

Belgian cacao and Peruvian fruits are meticulously sourced to allow for the tastiest flavoring

Deliciously Chewy

The sweet mochi dough is made fresh in France, allowing it to achieve its ideal chewy texture

To ensure optimal taste and texture, allow your Crème Clouds to fully thaw and reach a slightly chilled state before consumption.

For long-term storage, keep your Crème Clouds in the freezer until you are ready to thaw and enjoy them. Once thawed, they can be stored in the refrigerator for a maximum of 9 days.
