HEALTH-ADE KOMBUCHA.

12/16OZ

Probiotics are living bacteria that are known to improve gut health. When consumed, they contribute to a diverse microbiome which helps the rest of your body stay balanced.

Antioxidants make up your body's clean-up crew. These plant-based substances are known to support your body's overall health and wellbeing.

During the fermentation process organic acids like acetic, lactic, gluconic and glucuronic acid are produced. These powerful "postbiotics" complete the many functions attributed to gut health.

Our kombucha is flavored with real fruit juice from organic produce for a deliciously refreshing taste.

REFRESH YOUR WHOLE LIFE WITH PUREST HYDRATION

IS ALWAYS BOTTLED RIGHT AT THE SOURCE!

Natural Alpine Spring Water

Crystal Geyser® Alpine Spring Water® is only ever bottled less than 1.5 miles from the natural spring.

50% rPET Bottles

By using recycled polyethylene terephthalate (rPET) plastic, we're currently able to turn post-consumer plastic into more than 1.7 billion Crystal Geyser® bottles a year, significantly reducing waste.

Microfiltered

We filter our water prior to bottling and utilize small exposures to ozone, which leaves the ideal balance of minerals and natural flavor.
